Caveats: NONE

I have reviewed the RTCs for the 80th DRS Revised RI and comments are as follows:

1. RTC, page 2, 2nd paragraph, 3rd sentence: Change "naturally" to "natural".
2. RTC, page 3, Response to Specific Comment 6: How difficult is it to calculate vapor intrusion? I'm not sure VDEQ is going to accept this response.
3. Section 8.4, Page 8-11, 2nd sentence: This sentence states, "...no additional investigation or remedial action is warranted"...VDEQ's comment states LUCs are a remedial action. Do you think their comment has been addressed?
4. Section 8.4, Page 8-11, 2nd paragraph following bullets, 2nd sentence: Combine this partial sentence with the next sentence...replace "." with "," and change "It" to "it".

Let me know if we need to talk.

Thanks,
Joanna

Joanna,

I have attached our responses to VDEQ comments on the Revised Draft RI Report for the 80th DRS at Fort Story. Revisions to several areas of Sections 6 and 8 resulted from the comments and our responses and these revised sections have been attached as well.

Please review and get back to us with any suggested changes. Thanks.
